

PRESSURE ULCER/INJURY PREVENTION AND WOUND CARE IN LONG-TERM CARE SETTING: MEETING REGULATORY AND CLINICAL GUIDELINES

Wound care continues to be a pillar of skilled nursing. As costs have risen and reimbursements have decreased, skilled nursing and rehabilitation centers need to transform the delivery of wound care to meet quality and economic hurdles necessary for success.

Fees will include materials, CEs and lunch – June 20th (8:30 a.m. -4:30 p.m.)

- Full Day Workshop Participants: **\$99.**
- Special rate for NACs: **\$40.**

Location: DoubleTree by Hilton, South Center Mall, Tukwila [link](#)

Her clinical experience has included traditional physical therapy, orthopedics and sports medicine, cardiac rehabilitation, and wound care.

LEADINGAGE WASHINGTON | UNITED WOUND HEALING

HOW TO TRANSFORM YOUR WOUND CARE PROGRAM!

Ryan P. Dirks, MS, PA-C, Chief Executive Officer,

United Wound Healing - Ryan became interested in caring for patients as a Physician Assistant with the goal of extending the hands of physicians and providing care in underserved areas. His passion for sports as an NCAA athlete and Olympic hopeful made sports medicine a natural fit. In 2011, he was introduced to skilled nursing wound care and felt a unique calling to provide specialty care in an often underserved area. Today

Ryan is the CEO of United Wound Healing, a mobile provider of wound care. His dedication to helping patients heal their wounds, along with his commitment to providing wound care education and support to clinical providers is second to none.

MORNING AGENDA:

Dr. Pamela Scarborough, Director of Public Relations and Education, American Medical Technologies - Objectives:

- Recognize the components of the pressure ulcer/injury prevention program
- Stage pressure ulcer/injuries according to the Required Reporting on the MDS
