Washington COVID-19 Provider Registration Form

1. Complete the form below and list all providers who will be ordering testing on behalf of the patient.
 - All providers must be qualified to order testing for billing to Medicaid, Medicare, and commercial payors.
 - A personal and confidential email address is required for all providers to receive your electronic signature PIN.
2. The authorized contact listed below will have access to view all samples, from all providers at the clinic.
 - They can place orders on behalf of the providers, but cannot have access to the provider PIN.
 - The provider PIN should never be shared, and the provider will need to enter this PIN for all orders.
3. Once registration is complete you will receive an email from Pandadoc, our electronic signature platform. The email will allow you to view our provider acknowledgment form, and sign it electronically. This must be signed before registration is considered complete.
4. Once the provider acknowledgment form is signed, you will receive an email from our Client Relations department with instructions on how to access your online portal and order testing. Each order should include the patient's PrEP DAP information.
