

New Educational Webinar Series

PDPM

Master Class Webinar Series

12 Month Webinar with Optional Certification

This 12 month webinar series focuses on developing mastery of the skills required to successfully lead clinical reimbursement excellence under PDPM. Participants may register for each session individually or register for the full series at a discounted rate. Recordings of live sessions are included with the full series purchase. Optional Certification is available for individuals completing the entire series and passing the certification exam at the end of the completed series.

What to Expect:

- Advance PDPM proficiency to lead clinical reimbursement accuracy and compliance

Target Audience:

Nursing Home Administrators, RAI Coordinators/MDS, Directors of Nursing, Nurse Managers/Staff and Leaders, QA Director, Social Services, Staff Development Coordinator, Rehabilitation Services, Board Members.

CE Hours:

1.25 each session

Fees:

Entire Series – Member	\$750.00
Entire Series – Non-Member	\$950.00
Individual Sessions – Member	\$75.00
Individual Sessions – Non-Member	\$95.00

Proactive Training Team:

The Proactive clinical education team includes experienced therapist, nurse, MDS and health facility administrator experts with backgrounds in multi-facility operations, contract therapy services, survey management, EMR systems, healthcare compliance, corporate training, clinical program development, QAPI, and litigation support.

PDPM

Master Class

12-Part Webinar Series
All Sessions Start at 11:00 a.m. Pacific Time

January 8, 2020 - Session 1

Build & Implement Crucial PDPM Policies

This introductory session of the PDPM Master Class Series includes an in-depth discussion of the importance of developing and implementing key skilled nursing facility (SNF) policies and procedures to ensure compliance under PDPM. Participants will gain insight into areas where PDPM specific policies and procedures are recommended with a focus on facility processes that promote consistently accurate, patient-driven data collection methods, assessment practices, interdisciplinary team collaboration for coding, and quality oversight mechanisms. This session will provide guidance on suggested areas of SNF policy development with examples of effective process considerations and policy language for PDPM risk areas including the Interim Payment Assessment (IPA), Interrupted Stay rule and Therapy Delivery under PDPM.

Target Audience: Administrators, Directors of Nursing, Nursing, QA, MDS, Staff Development, Therapy, Social Services, Board Members

February 5, 2020 - Session 2

Getting the PDPM Initial PPS Assessment Right!

This session of the PDPM Master Class Series will focus on best practices for data collection from pre-admission screening through day eight of the SNF stay. This webinar will review effective systems and suggested timeframes for resident assessment through an Interdisciplinary approach to ensure accurate and timely information is gathered to appropriately report care and services provided on the initial Medicare assessment. Emphasis will be on critical data elements used in the calculation of the PDPM per diem. The RAI MDS Correction Policy will also be reviewed to ensure the appropriate correction of errors should they be identified.

Target Audience: Administrators, Directors of Nursing, Nursing, QA, MDS, Staff Development, Therapy, Social Services, Board Members

March 4, 2020 - Session 3

Applying Dollar Values to PDPM Characteristics & Avoiding Top Missed Opportunities

This session of the PDPM Master Class Series will focus on the financial implications of coding (or failing to code) various PDPM characteristics through a review of high-risk variables impacting PDPM reimbursement. Actual PDPM audit trends and case studies will be reviewed to identify areas of potential missed opportunity, process lapses, and supportive documentation vulnerabilities. Operational strategies to promote PDPM compliance and coding accuracy in high impact areas will be emphasized.

Target Audience: Administrators, Directors of Nursing, Nursing, QA, MDS, Staff Development, Therapy, Social Services, Board Members, CFO/Business Office

April 1, 2020 - Session 4

Effective Meetings for PDPM

This session of the PDPM Master Class Series will review how daily clinical, Medicare, and triple-check meeting processes can be updated to ensure ongoing resident-centered assessment and identification of changes under PDPM. Best practices for review of newly admitted residents, incorporating IPA considerations, Interrupted Stay tracking, and assurance of continued skilled need will be emphasized along with ensuring clean claims through an effective pre-submission review process.

Target Audience: Administrators, Directors of Nursing, Nursing, QA, MDS, Staff Development, Therapy, Social Services, Board Members

May 6, 2020 - Session 5

PDPM: Staff Development and Core Competency Essentials

This session of the PDPM Master Class Series will review essential competencies for PDPM success including, but not limited to, ICD-10 coding, Section GG assessment, and MDS coding with special focus on nursing clinical competencies to identify, assess, and manage Nursing and NTA conditions and services. Suggested processes for evaluating facility level of competency in certain areas will be reviewed while creating effective staff development processes for initial and ongoing education, skills development, and cross-training to avoid gaps in competency related to employee turn-over will be emphasized.

Target Audience: Administrators, Directors of Nursing, Nursing, QA, MDS, Staff Development, Therapy, Social Services, Board Members

PDPM

Master Class

12-Part Webinar Series
All Sessions Start at 11:00 a.m. Pacific Time

June 3, 2020 - Session 6

Care Planning for the Complex Resident Under PDPM

This session of the PDPM Master Class Series will review regulatory requirements related to Baseline and Comprehensive care planning with focus on developing effective person-centered care plans that address complex care and services provided. This webinar will focus on ensuring appropriate care plan development related to the resident's SNF admitting diagnosis and PDPM Clinical Category, comorbid conditions, and skilled services provided to promote positive resident outcomes and support coding decisions on the initial Medicare assessment.

Target Audience: Administrators, Directors of Nursing, Nursing, QA, MDS, Staff Development, Therapy, Social Services, Board Members

July 8, 2020 - Session 7

All In! PDPM Supportive Documentation for Physicians, Nursing, Rehab, Dietary, and Social Services

This session of the PDPM Master Class Series will focus on interdisciplinary team documentation requirements and best practices as it relates to PDPM. The webinar will include review of skilled level of care criteria with an emphasis on supporting the skilled stay and coding that impacts reimbursement of skilled SNF services under the Patient Driven Payment Model (PDPM). Emphasis will be on understanding the critical role of the Physician, Nurse, Therapist, Dietary, and Social Services in supportive documentation for key areas impacting PDPM payment, and in driving facility documentation quality.

Target Audience: Administrators, Directors of Nursing, Nursing, QA, MDS, Staff Development, Therapy, Social Services, Board Members, Dietary, Physicians/Physician Extenders

August 5, 2020 - Session 8

PDPM Quality Assurance and Outcomes Tracking

This session of the PDPM Master Class Series will focus on critical patient outcomes monitoring and recommended measures of quality assurance for PDPM. A review of Key Performance Indicators and strategies for data collection, monitoring and applying outcome measures to drive continual quality assurance will be discussed. Examples of business intelligence reporting and implications for operations will be included.

Target Audience: Administrators, Directors of Nursing, Nursing, QA, MDS, Staff Development, Therapy, Social Services, Board Members, Compliance Officer/Designee, CFO

September 2, 2020 - Session 9

Addressing PDPM Medical Review Risks in the SNF Compliance & Ethics Work Plan

This session of the PDPM Master Class Series will focus on PDPM Medical Review risks for providers and key strategies to address those risks in the Compliance and Ethics Work Plan. The webinar will emphasize risks related to supporting daily skilled services, medical necessity, MDS coding decisions impacting reimbursement (e.g. modified diets, NTA items, etc.), therapy service provision patterns including the volume and mode of treatment and justifying functional patient outcomes. Strategies for driving ethical practice and facility compliance through a targeted work plan that addresses Medical Review risks will be emphasized.

Target Audience: Administrators, Directors of Nursing, Nursing, QA, MDS, Staff Development, Therapy, Social Services, Board Members, Compliance Officer/Designee

October 7, 2020 - Session 10

PDPM: Advancing Clinical Capabilities and Care Delivery

This session of the PDPM Master Class Series will review considerations for advancing clinical capabilities and care delivery under PDPM. Focus of this webinar will be on strengthening or developing care delivery processes by way of evaluating the opportunity for clinical programs, marketing clinical scope, and assuring success through facility policy, QAPI, and Facility Assessment review.

Target Audience: Administrators, Directors of Nursing, Nursing, QA, MDS, Staff Development, Therapy, Social Services, Board Members

PDPM

Master Class

12-Part Webinar Series

All Sessions Start at 11:00 a.m. Pacific Time

November 4, 2020 - Session 11

What We've Learned - Insights into Successful Providers from the First Year of PDPM

This session of the PDPM Master Class Series will focus on lessons learned and operational best practices derived from the experiences of providers achieving successful outcomes under PDPM in areas such as, but not limited to: census stability and admission practices, interdisciplinary operations, coding accuracy, clinical quality and financial outcomes.

Target Audience: Administrators, Directors of Nursing, Nursing, QA, MDS, Staff Development, Therapy, Social Services, Board Members, CFO/Business Office, Admissions

December 2, 2020 - Session 12

Year End PDPM Updates and 2021 Policy Changes

This session of the PDPM Master Class Series will focus on recent updates to PDPM from The Center for Medicare and Medicaid Services (CMS) and potential policy changes for providers for fiscal year 2021. Updated regulatory guidance and Resident Assessment Instrument (RAI) specifications will be reviewed with recommendations for successful provider implementation.

Target Audience: Administrators, Directors of Nursing, Nursing, QA, MDS, Staff Development, Therapy, Social Services, Board Members, CFO/Business Office, Compliance Officer/Designee
