Discussion Questions

1. What does the future look like for your organizations and in the field of aging services?
2. Are there ways that your organizations could serve different populations? (Ex. behavioral health, dementia, homeless, intergenerational, etc.)
3. If you could do something totally different what would it be?
4. What regulatory or funding changes would you need to make these changes happen?
5. What COVID related changes should stick around permanently?
