## KEYNOTE SPEAKERS

Join us as we delve into the big ideas that are shaping the future of our organizations and the people they serve.

### *Tim Richardson*

*Speaker, Author; The Power of the Pause: How a Reset Brings Sanity Back to the Workplace*

Our workload and schedules are fast-paced and ever-changing. With work demands, project deadlines, and frequent meetings, leaders are hard pressed to find time for productivity pauses in their work and personal life. Strategic pauses build momentum and help prevent poor self-care, burnout, and even emotional health related issues - all influence productivity and employee turnover.

This presentation is about rebuilding workplace morale, teamwork, and a highly engaged staff. Tim will help you discover how pausing leads to “profits”. He’ll share research to support his presentation and ideas to help you lead well. This presentation will provide tools and strategies to bring your workplace back – back to do what you do best - serving your customers, supporting each other, and operating at peak levels.

## *Ramie Liddle*

**Driving Miss Norma: One Family's Journey Saying "Yes" to Living - Moving the Needle on Aging**

When was the last time you enthusiastically said "YES" without really knowing what you were getting yourself into?

Bestselling author Ramie Liddle and her family did just that when her 90-year-old mother-in-law, Norma, was diagnosed with cancer two days after her husband of 67 years suddenly died. Norma said "no" to cancer treatment and despair and said "yes" to an amazing adventure none of them could have expected.

### The Markers and Moments That Guarantee DEI Success!

Nothing in the “Organization Handbook” teaches us how to unify a community around an ideal that continues to divide a country. This session grants full access to the worries, wounds, and wins of a 25-year Chief Learning Officer and traveling DEI Practitioner. Every resource and exercise is designed for the committed leader who is ready to guide their department or organization forward but doesn’t know how. You will receive multiple opportunities to practice the tools and skills necessary for immediate change and long-term DEI success. Together, we will identify and problem-solve for the events, policies, traditions, and unwritten rules, within your organization that sabotages DEI progress.

#### Here are just five of the 15 questions this session answers:

- 1) Do DEI committees work, who should lead them, and how to decide what goals are realistic?
- 2) What actions are necessary for ensuring an honest space to facilitate tricky diversity conversations?
- 3) As a leader, how can you identify and prevent the blind spots that threaten your effectiveness?
- 4) How can you inspire courage and accountability from others who aren’t as committed to DEI as you?

Great news ahead! Retention skyrockets when every team member feels honored by every other team member. The quality of resident care rises exponentially when we operationalize psychological safety. I promised a 5th question: What could be more fulfilling than creating the workplace culture of your dreams? More - [www.christophermotivates.com](http://www.christophermotivates.com)
